SUCCESS...

List of things for people to achieve success:-

It is the aim of each & every person to attain his goal in his life. The secret of success is consistency of purpose. This firmness of purpose can be attained by seven ways :

Principle : Believe in principle, be prepared & be firm.

Attitude : If you have right set of attitude, then it determines your success.

Courage : It's resistance to fear, to master fear & to march ahead.

Belief : The future belongs to those who believe in the beauty of their dreams.

Commitment : A total commitment is paramount to reach the ultimate performance.

Self Trust : It's the first requisites to create understanding.

Excellence : It's dedication to a job thats hard to do, going the extra mile & always trying to follow through.

The one who knows these seven ways can become successful person.
